About Us

H & H Builders is a Construction company that brings 2 local builders together. **H B Lamond Constructions** and **H Chandler Constructions** have been working out of Roma for the last 5 years and together bring a combined **16 years of qualified experience** in the building industry. We believe by bringing our respective businesses together under the one banner we can better service our growing client base through core values.

INTEGRITY

Through high moral principles and honesty, H & H Builders endeavour to gain your trust, creating a long and lasting relationship.

ACCOUNTABILITY

When we take you on as a client, we accept responsibility for your project and property. By having the right procedures in place, we aim to not only meet but also exceed our customer's expectations.

ATTENTION TO DETAIL

Our attention to detail on all components of a project is what brings the larger picture to life. We pride ourselves on our thoroughness and accuracy when accomplishing any task.

COMMUNICATION

Effective communication is key and we understand the role we play as the integral connection between clients, suppliers and sub-contractors.

TEAMWORK

Our team of highly qualified carpenters and knowledge building apprentices strive to make your project as enjoyable and stress-free as possible through effective and efficient teamwork.

Our Services

NEW HOMES

From a humble family home to a grand design, we can be with you on the journey when building your new house dream. Ask us about not only the build process but also how we can help with design and planning.

RENOVATIONS

Renovating your property can be stressful and joyful at the same time. We have the knowledge and experience you need to get it right the first time and achieve the results you imaged.

LIGHT COMMERCIAL

Sheds and more! We have light commercial experience and are competitively priced.

PLANNING & DESIGN

The team at H&H Builders have the right connections to help you plan for the build you want, we have industry knowledge and can refer you to the right specialist for the planning and approval stages.
